

**CLEAN  
SIMPLE  
CONVENIENT**

Quality you can trust,  
Convenience you can count on.

# Who We Are...

---

We are passionate about crafting high-quality disposable paper products that elevate everyday experiences. With a commitment to sustainability and innovation, we pride ourselves on providing solutions that enhance convenience without compromising on environmental responsibility

We have been dedicated to meeting the diverse needs of our customers, whether at home, in businesses, or at special events. Our range of products, from plates, cup, tiffin dishes, spoons, glasses and boxes is designed with both functionality and eco-friendliness in mind. We believe in making a positive impact on the world by offering products that are not only reliable and efficient but also contribute to reducing our carbon footprint.

Driven by a team of passionate experts, we continually strive to innovate and improve, ensuring that every product meets the highest standards of quality and sustainability.

***"Reliable  
Products,  
Responsible  
Practices."***

# Our Mission

“We’re committed to redefining convenience with eco-friendly disposable paper products. Through innovation and sustainable practices, we aim to enhance daily lives while minimizing environmental impact.”

We are dedicated to providing exceptional disposable paper products that enhance convenience, hygiene, and sustainability globally. We prioritize continuous innovation and sustainable practices to ensure our products meet the highest standards of quality and environmental responsibility.

Central to our mission is reducing our ecological footprint through responsibly sourced materials and eco-friendly manufacturing processes.

We aim to inspire responsible consumption habits and contribute positively to a cleaner planet. We uphold ethical business practices and transparency throughout our supply chain, building strong partnerships with suppliers and distributors. Our commitment to diversity, inclusivity, and community impact guides us as we strive for excellence in integrity, quality, and customer satisfaction.

# Let's Get Back to Nature...

Single use plastic products are damaging our eco systems and affecting millions of life. It's not about what we did and doing. It's all about how we (means all) can stop polluting Earth and can add value to it, that is our thought and hence, **Sapponza International** was incorporated.

We are the first fully **Robotic Bio Degradable Products** Manufacturer & Leading Bio Degradable products Manufacturer of India with Capacity of Daily Production of More than 10 Tons. Our Thought Process is always innovative, cost effective and Eco Friendly. We are manufacturing range of biodegradable and compostable food packaging products which are strong, adorable aesthetic and is the best option for plastic and thermocoal items as a cost effective too.

## Let's Start & Adapt Nature Again

### Quality and Innovation

We prioritize excellence in product quality and innovation. Our disposable paper products are crafted using advanced manufacturing techniques and materials that ensure reliability, durability, and optimal performance in various settings.

### Commitment to Sustainability

We are dedicated to sustainability throughout our operations. From sourcing eco-friendly materials to implementing energy-efficient manufacturing processes, we minimize our environmental footprint. By choosing our products, you support environmental stewardship.

### Customer Focus and Integrity

Our commitment to customer satisfaction is unwavering. We prioritize transparency, ethical business practices, and responsive customer service. We value your trust and strive to build lasting relationships by consistently delivering on our promises.

# The Process Biodegradable Product

Our Eco-Friendly disposable products are aesthetically pleasing products so that customers can enjoy food without any negative impact on the taste & Health as plastic products do. Due to Durability these products are gaining popularity among food, health and nature conscious peoples.
